- **Caring with a smile**

MedPro USA Health Services is fully accredited by ***CHAP*** – the nation's first and leading accrediting body for home healthcare. CHAP accreditation demonstrates that home health, palliative care, or hospice programs meet the industry's highest standards for care. CHAP has deeming authority granted by the Centers for Medicare and Medicaid Services (CMS) to determine whether providers meet CMS quality standards and the Medicare Conditions of Participation. Deeming authority means that CMS recognizes accreditation by CHAP as meeting or exceeding Medicare standards.

Quality Medical & Non-Medical Care

in the comfort of your home

ABOUT PERSONAL CARE

We offer in home individualized, tailored personal care services to clients of all ages, including pediatric and geriatric patients. Our compassionate team will assist each client with their daily living activities. With our services, your loved one can live on their own while staying active in their community.

Many assume that when the needs of an aging adult reach a certain point, their options for care are limited to a care facility. Adult children often believe that parents may need to move to a nursing home or memory care facility regardless of their preferences. This is not the only option. In-Home Care provides the skill set, experience and one-on-one care appropriate for clients with various levels of care needs, including specialized care for Alzheimer's, Parkinson's, stroke recovery and more.

Thoroughly screened, highly trained and insured caregivers

AT HOME MEDICAL CARE

Our highly skilled and experienced registered nurses will provide various medical care at your home under your physician's order. Most of our nurses have over 20 years of clinical experience. RNs can provide medication management, acute and chronic condition management, IVs, blood draws, injections, feeding tubes, catheters, colostomy bags, respiratory, ventilator, tracheostomy care and more.

PERSONAL CARE

- Assisting with walking and transferring
- Bathing, dressing and grooming assistance
- Medication reminders
- Safety and fall prevention
- Status reporting to family
- Toileting and incontinence care

LIFESTYLE SUPPORT

- Light housekeeping
- Meal preparation and nutrition
- Laundry and change of bed linens
- Grocery shopping and errands
- Transportation to social and recreational events
- Help with light exercise/outdoor activity
- Pet care assistance
- Companionship/community engagement

SPECIALIZED CARE

- Alzheimer's and dementia care
- Parkinson's care
- Post-Stroke care
- Cancer care
- Hospice care
- Special needs care
- Private nursing care
- Other medical care provided by our RNs

Hourly, Daily and Live-in Care

Our services are available anywhere from 4 to 24 hours a day, 365 days a year. With 24/7 around-the-clock care, a caregiver is always watching over your loved one, offering emotional support, reducing fall risk and assisting in all activities of daily living.

Hospital to Home Care

A qualified, skilled caregiver can transport your loved one home from the care facility and provide essential support during an often-stressful time.

Respite Home Care

Respite Care offers temporary care support, giving family caregivers a break from the full-time care they've been providing for a loved one. Our respite service is contract-free and can be arranged on a temporary basis with no obligation to continue once services are no longer needed.

Around the clock care 24/7 or when you need it

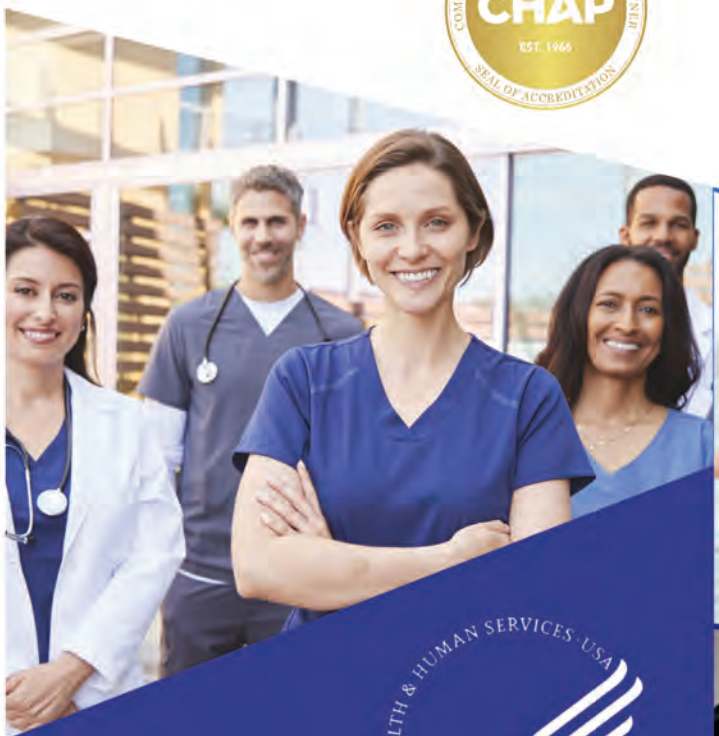

Bringing Health Care Home.

When we are recovering from an illness, injury, or facing a new disability, most of us would prefer to heal in the comfort of familiar surroundings among family and friends. **MedPro USA Health Services's** team of dedicated medical professionals brings health care home to you. Consider **MedPro USA Health Services** for help with:

- Reducing the length of stay in a hospital, nursing home, or rehab facility
- Wound Care
- Injections
- IV Therapy
- Care after a surgery
- Monitoring of a health condition being treated at home
- Strategies and training for overcoming a new disability at home
- Training with new medical equipment, therapeutic diet, or medications
- Other health education relating to new instructions from your doctor

Home Health Advantage

Our services can help prevent rehospitalization, institutionalization, emergency department visits, and urgent care.

We offer convenience. Visits are made on your schedule, in the comfort and privacy of your home.

We offer one-to-one care personalized to your unique needs.

Care at home costs less than hospital or facility care. Medicare pays 100% for qualified patients.

Home health care reduces stress for patients and caregivers, while allowing patients to heal at home with their families and loved ones.

Home health care promotes better outcomes. Studies show that many patients achieve better outcomes at home.

OUR DIVERSE TEAM OF PROFESSIONALS

Many of the services you receive in a hospital or nursing home are also available to you in your own home. This is possible because **MedPro USA Health Services** can send so many types of healthcare professionals to your home:

- RNs/LPNs
- Home Health Aides
- Physical Therapists
- Occupational Therapists
- Speech Therapists
- Medical Social Workers

QUALIFYING FOR HOME HEALTH

To qualify for home health services, you must have a medical need for the skilled services of a nurse or therapist. You must meet Medicare's definition of homebound. This only means that leaving the home requires taxing effort and that you therefore leave the home infrequently. You can be temporarily homebound due to illness or injury. **MedPro USA Health Services** must also receive orders from your doctor to provide home health services. Upon request from you or referral from your doctor, **MedPro USA Health Services** will coordinate with your doctor directly. We can provide home health services in assisted living facilities as well as in private residences.

If you or someone you know may benefit from nursing or therapy in the comfort of home, please call MedPro USA Health Services now:

Private Duty Nursing

in the comfort of your home

Quality Medical & Non-Medical Care

COMPASSIONATE & PROFESSIONAL

PEDIATRIC NURSING CARE

We truly believe that children with special needs are best cared for when surrounded by compassionate and nurturing carers. For pediatric care and private duty nursing services, you can trust and rely on us for your precious little ones.

Our Private Duty Pediatric Nursing services are designed to care for children with simple to complex needs. Our Licensed Registered Nurses (RNs) and Licensed Vocational Nurses (LVNs) work closely with families and their physicians to carry out your child's treatment plan with great care.

We strive to recruit and maintain a staff of highly-qualified nurses with an expansive set of skills, the right kind of attitude, and a dedication to family-centered practices.

Thoroughly screened, highly skilled and experienced nurses

MedProUSA offers around the clock care for children with special needs

QUALIFICATIONS FOR CARE

IF YOUR CHILD:

- Has a tracheotomy and needs tracheostomy care
- Has complex wounds and needs wound care
- Needs oxygen therapy due to their oxygen dependency
- Has complex injuries and medical conditions that require pain management
- Is ventilator-dependent due to physical disabilities
- Depends on a G-, NG-tube, or TPN (Total parenteral nutrition) for continuous nutrition
- Has sleep-related disorders and requires apnea monitoring
- Has catheters for either permanent or temporary use
- Suffers from other diseases that need special management

MedPro USA will step in and take your worries away committing to better care for your child!

WHY CHOOSE MEDPRO USA?

In-home care helps clients facing illness, injury, or disability thrive in the comfort of home. Everything we do is tailored to the client's needs, their family's wishes, and physician recommendations.

Excellence

Our dedication to excellence drives us to constantly improve our quality of services.

Compassion

Our empathetic staff show compassion during every interaction.

Continuous Learning

Ongoing training and development are at the core of our approach.

Family-Centered Care

We believe families bring great strength to their loved ones' care.

On call 24/7 for client needs
